Your Results

All relevant results are reported on by a specialist Consultant with the appropriate knowledge and expertise in their relevant areas (pathology, cardiology, radiology etc.).

On the day of your HealthCheck you will be given your results and a detailed,

personalised report including interpretation of results, behavioural and lifestyle modification advice, will be sent to you. A copy of this report will also be sent to your GP within 10 days.

Should a referral be required to another specialist, our physicians will

advise you on the most appropriate options for referral.

All optional extra HealthCheck tests will be reported on within 10 days. Should abnormalities be discovered following optional tests our doctor will be in contact prior to issuing your report.

- Results and reports discussed on day of screening
- A detailed personalised written report
- Behavioural and lifestyle modification advice

- Optional tests reported on within 10 days
- Copy of report sent to your GP within 10 days
- Doctor contact in case of any abnormalities

About Beacon Hospital

With world leading diagnostics and advanced medical technologies, Beacon Hospital is one of the most advanced hospitals in the world. Located in Sandyford south Dublin, Beacon Hospital has over 1,100 Consultants, nurses and healthcare

professionals. The hospital provides 24 hour acute care services including orthopaedics, physiotherapy, cardiology, women's health, urology, cardiothoracic surgery, vascular surgery, plastic & reconstructive surgery, ENT, neurology, general

surgery, comprehensive cancer care and emergency medicine.

The private hospital, which opened in October 2006, has 183 acute care beds, nine operating theatres, and two linear accelerators.

Ireland's only advanced health screening service overseen by specialist consultants, with results delivered on the same day

Beacon HealthCheck is a comprehensive health screening programme for both men and women.

You will be tended to by an experienced multi-disciplinary team of medical professionals, all with access to

the latest in diagnostic technology.

Health screening is a proactive approach to your personal wellbeing or the wellbeing of your employees.

Our screening tests are designed to assist with identifying and reducing life

altering health risks such as heart disease, stroke and diabetes.

On completion of your Beacon HealthCheck our experts will provide you with necessary recommendations to achieve a healthier lifestyle.

Group bookings may qualify for certain discounts.
